

# LA PRIMAVERA (POMLAD)

A vibrant spring scene featuring pink cherry blossoms and monarch butterflies against a clear blue sky. The image is a composite with a soft, blurred background of more blossoms. In the foreground, a branch of cherry blossoms is in focus, with several large, light pink flowers and some buds. A monarch butterfly is perched on one of the open flowers, its wings showing the characteristic orange and black pattern. Another monarch butterfly is in flight in the upper left, and a third is visible in the lower left corner. The overall atmosphere is bright and cheerful, representing the season of spring.
