

1. Preglejmo najprej besedišče iz stripa »Smart Alec's plan«:

award - nagrada
environment - okolje
protect - zaščititi
ceremony - slovesnost
kidnap - ugrabiti
replace - nadomestiti
a fake - ponaredek
park - parkirati
trapped – ujeti (kot v pasti)
disguise - preobleka
publicity – publiciteta, reklama

2. Zdaj pa si oglejmo štiri povedi v učbeniku na str. 59/ 3a.

1 The Golden Dolphin award **IS presented** every year. (Present Simple)

2 Last year, it **WAS won** by Professor Wise. (Past Simple)

3 This year, it **WILL BE given** to Doctor Sage. (Future)

4 The real professor **HAS BEEN kidnapped**. (Present Perfect)

Zdaj že znate tvoriti passive (trpnik) v sedanjiku, saj ste rešili že kar nekaj nalog, kajne?

No, pa vseeno ponovimo:

glagol BITI v sedanjiku **AM, IS, ARE + PAST PARTICIPLE** (3. oblika glagola)

Kaj pa v drugih časih? Preprosto. Spremeniš samo glagol BITI v ustrezen čas.

WAS, WERE + PAST PARTICIPLE (Past Simple)

WILL BE + PAST PARTICIPLE (Future)

HAS, HAVE BEEN + PAST PARTICIPLE (Present Perfect)
