Kaj pravi Smart Alec?

I **must** stay awake. I **mustn't** fall asleep.

MUST – MORAM **MUSTN'T – NE SMEM**

Kaj pa pomeni, če rečemo: **I don't have to**? Poglejmo nalogo 4a.

- 1 We **must** catch those thieves. – Ujeti moramo tiste tatove.
- 2 You **mustn't** touch that switch. – Ne smeš se dotakniti tistega stikala.
- 3 You **don't have to** stay here tonight. – Ni ti treba ostati tu zvečer.

POMNI! Glagol, ki sledi naklonskemu glagolu **MUST / HAVE TO** je vedno v nedoločniku.
